

# Atmospheric Science User Forum

Search for content using the search box below:

The Atmospheric Science User Forum will be deprecated in the near future. We are moving to a new home and a new URL. We anticipate this move to occur in the next couple of months. So stay tuned and look forward to the all-new, improved, Earthdata Forum.

## Welcome to the Atmospheric Science User Forum!

The purpose of this page is to improve user service quality and efficiency of NASA atmospheric science data by providing a quick and easy way to facilitate scientific discussion among scientists and users.

To comment within the forums, an [Earth data Login](#) is required.

[CLICK HERE TO SUBMIT A REQUEST FOR A NEW TOPIC](#)

To Join the Discussion on a Topic: click an existing topic and then enter your text in the "Write a Comment" box.

If you feel a topic/comment needs to be removed, please notify User Services at [support@earthdata.nasa.gov](mailto:support@earthdata.nasa.gov). We also welcome feedback and suggestions.

Search for Information: The entire Earthdata Forum may be searched using the box in the top *left* corner of the page. The entire Earthdata Wiki may be searched using the box in the top *right* corner of the page.

## Responsibilities for posting to this forum.

### Purpose of the Wiki

This wiki is intended strictly for the use of sharing information about NASA Earth Observing Systems Data and Information System (EOSDIS) topics. For more information please click [here](#).

We welcome your participation and comments within Earthdata Wiki.

### Rules of Conduct

Earthdata Wiki is governed by the general rules of respectful civil discussion. EOSDIS may monitor any user-generated content as it chooses and reserves the right to remove content for any reason whatsoever, without consent. The following rules of conduct are to be followed when using the Earthdata Wiki. Breach of these rules will result in users loses privileges or being banned permanently.

Participation requires a valid Earthdata Login. Only approved NASA users and affiliates will be allowed to upload data. If a wiki space becomes dormant for a period of more than 2 years, EOSDIS reserves the right to delete/remove it.

In order to maintain an environment where everyone is welcome and discussion flows freely, certain types of conduct are prohibited on Earthdata Wiki. Specifically restricted conduct includes trolling, flaming, ranting, personal attacks, harassment, threats, doxing, racism, discrimination, hate speech, sexism, spamming, off-topic posting, pyramid quoting, rumor mongering, impersonation, advertising (including HTML links and pictures), and linking to applications or utilities of uncertain intent.

In addition, the Earthdata Wiki is not for discussion of real-life current affairs, news, politics, or religion. Discussion should revolve around EOSDIS topics. Specific content prohibited on Earthdata Wiki includes pornography, profanity, and real money trading (RMT).

**NASA makes no representations or warranties regarding the information posted.**
