

Beta Version of Keyword Viewer Released

A Beta Version of the GCMD Keyword Viewer is available at <https://gcmd.earthdata.nasa.gov/KeywordViewer/>. Please submit any feedback to support@earthdata.nasa.gov

The Keyword Viewer enables users to search for keywords either through free text search or by following the tree hierarchy search. You can view keyword definitions and link to view related keywords. Future enhancements will include linkages to Earthdata Search data set facets and UI/UX improvements.
