

Toolkit Downloads

What should I download?

For the latest and previous releases please refer to the corresponding release notes to see what is needed to be downloaded. For TOOLKIT and HDF-EOS follow the directions in the [Toolkit Users Guide](#) (chapter 5) to install Toolkit and related software. For other tools the installation instructions can be found in their Users Guides, or README files provided with the tools.

NOTE: For any questions regarding toolkit and related products, please email sdps-support@earthdata.nasa.gov

SDP Toolkit

Latest Release
