

# ESDSWG Meeting - status update

Dear ESDSWG members,

In light of current fiscal situation in Washington, I know there is a lot of anxiety and concern surrounding the status of the ESDSWG meeting relative to your travel plans. We are closely monitoring the situation and trying to work out the best path forward given the limited information we currently have. I will send out a status update later today with more specific direction.

Thanks for your patience!

[Jeff Walter](#)
