Fall AGU Meeting Sessions

We have created a list of ESDIS, DAAC, MEaSUREs, and SIPS presentations that will be held during next week's Fall AGU Meeting. This list is hosted on the Earthdata Wiki - AGU Fall Meeting Presentations.

Feel free to add sessions where you will be presenting and provide a link to your AGU abstract; also denote whether it is an oral or poster presentation. Include the date, time and location of your presentation. Please follow the format on the wiki page.
