

Two-Dimensional Coordinate Systems

Two-Dimensional Coordinate Systems

ECHO

The ECHO Model includes the capability to describe several custom two dimensional coordinate systems.

ECHO	ISO	Note
TwoDCoordinateSystem /TwoDCoordinateSystemName	/gmi:MI_Metadata/gmd: spatialRepresentationInfo/ gmd:MD_Georeferenceable/gmd: parameterCitation// gmd:title/gco:CharacterString	MODIS Tile SIN (65), CALIPSO (19), MISR (19), WRS-2 (7), MODIS Tile EASE (4), WRS-1 (2)
TwoDCoordinateSystem/Coordinate1 /MinimumValue and MaximumValue	/gmi:MI_Metadata/gmd: spatialRepresentationInfo/ gmd:MD_Georeferenceable/gmd: axisDimensionProperties/ gmd:MD_Dimension/gmd: dimensionSize/gco:Integer	ISO includes the size of the dimension not the min and max
